Participants are instructed not to have mobile phones on from the time that they start at the initial team "briefing" to the time that they have been "debriefed". If										
mobiles are used to contact (or be contacted by) friends/family during this time the whole team will fail their Final Exped. This Award rule is there because using mobiles whilst on Exped is distracting and intrusive, as well as unsafe in undermining the team and centre's emergency procedures, focus and teamwork!										
Participants are ONLY allowed to use mobiles in a serious, unexpected, & dangerous situation, when contacting the supervisor or even emergency services is										
imperative.
